(416) 577-2720

Passionate Software and Web Developer with over 4 years of experience, seeking an opportunity to demonstrate my knowledge and expertise in creating and maintaining beautiful, efficient code.

TECHNICAL SKILLS

- Proficient with C++, MySQL, scripting and web-oriented programming languages, including: Perl, Python, HTML5/CSS, JavaScript, and PHP
 - Thorough knowledge of Linux and Windows desktop and server operating systems
 - Courses taken during school include: PC Hardware & Software, Linux and Windows Administration, Web page Development, Data Communications, Scripting, Software Design Fundamentals, and Databases
-

CORE COMPETENCIES

- Strong communication, analytical, and problem solving skills
 - Confident personality, motivated, with an honest, patient, and positive attitude
 - Very quick learner, organized and accurate, with a desire to continuously learn
 - Adept at multitasking and managing time effectively in any fast-paced environment
-

EDUCATION

Computer Networking and Technical Support Diploma

St. Lawrence College, Kingston ON

Class of 2016

GPA of 3.8

- Learned the inner workings of computer networks and how to make servers run faster and more securely

Bachelor of Science in Physics

McMaster University, Hamilton ON

Class of 2014

GPA of 3.3

- Gained experience in C++, Python, FORTRAN and LaTeX programming languages
-

WORK EXPERIENCE

Computer Bench Technician

ResponseIT, Kingston ON

Jan 2016 – Apr 2016

- Troubleshoot hardware and software of various types of desktop, server, and laptop computers
- Created a server capable of installing different versions of the Windows operating system remotely
- Went on several service calls to diagnose and fix urgent technical issues
- Exposed to other areas of technology including IP phone systems, virtualization (mainly with vSphere), remote accessing, hard drive cloning software, and determining evidence of water damage to electronics
- Learned the business aspect to the information technology field

(416) 577-2720

Industrial Cleaning Technician

2015, 2016

Pressure Kleen Services, Etobicoke ON

- Cleaned kitchen exhaust and garbage disposal systems, underground parking lots, and City of Toronto park facilities using pressure washing equipment
- Met with clients to specify scope of work, cleaned as much as possible in a time-constrained setting
- Organized the logistics of transporting equipment to the site, often driving through busy streets
- Always followed proper safety protocols to ensure the safety of myself and those around me

Math Tutor

Sept 2014 – Dec 2014

St. Lawrence College, Kingston ON

- Organized the meeting time and place, ensuring a quiet and comfortable learning environment
- Articulated clear explanations for the material covered
- Made sure student's questions were always fully answered
- Assured student was maintaining a balanced understanding of the material

Amusement Device Mechanic

2013

Checkers Fun Factory, Hamilton ON

- With the help of one or two others, loaded company trucks with equipment to bring to site
- Assembled and dismantled bouncy castles and other carnival equipment within requested time period
- Ensured bouncy castles were securely in place with large metal stakes
- Supervised children, always enforcing the acceptable safety limit according to specified guidelines

Physics Research Scientist

2012

Xerox Research Centre of Canada, Mississauga ON

- Designed a computer program to control the automation of delivering a developer and toner mixture to the housing apparatus of a photocopier
- Interfaced the apparatus to a controller that inputted values to the LABVIEW programming environment
- Calculated useful percentages to test and improve certain properties of toner
- Worked independently and under pressure

Factory Worker

2011

Fourmark Manufacturing, Oakville ON

- Packaged plastic containers into boxes from an assembly line
- Always punctual and put safety first

Cashier

Sept 2008 – Nov 2010

Sobeys, Mississauga ON

- Handled cash, and was very friendly and helpful
- Often in charge of the customer service desk
